Engineering/Fundamentals

- Theory and Application of Mathematical Systems Sciences
- Interdisciplinary Signal Processing
- Non-linear Phenomena
- Cryptography and Information Security
- Coding Theory
- VLSI Systems, Applications and Computer-Aided Network Design
- Acoustics Engineering
- Healthcare and Medical Applications

Electronics

- Image and Signal Processing
- Digital Coding and Filtering
- Microwave Devices, Components, Systems and Applications
- Analog and Mixed-signal Circuits
- Low-Power Design
- Embedded Systems
- Consumer and Multimedia Systems
- Biomedical/Bioengineering Circuits and Systems

Information Processing

- Audio Technology
- Image Processing
- Office Automation
- Telemedicine Technology
- Software-Defined Networking
- Speech and Natural Language Processing
- Visualization and Virtual Reality
- Artificial Intelligence

Communications

- Next-Generation Access Networks
- Next-Generation Networking
- Power-Line Communication
- Wireless Communication and Networking
- Optical Networks and Systems
- Internet of Things
- Green Communications
- Smart Grids
- Ubiquitous Communications

STEERING COMMITTEE

Haris GACANIN Alcatel-Lucent Bell
Fumiyuki ADACHI Tohoku University
Yuji INOUE Toyota Info-Technology Center, Co. Ltd
Werner PROST University of Duisburg-Essen

PROGRAM COMMITTEE

Ioannis MOSCHOLIOS TPC Chair, University of Peloponnese
Aleksandra PIZURICA TPC Co-chair, Ghent University
Dejan VUKOBRATOVIC TPC Co-chair, University of Novi Sad
Mariusz GŁĄBOWSKI TPC Co-chair, Poznań University of Technology
Piotr ZWIERZYKOWSKI TPC Co-chair, Poznań University of Technology

ORGANIZING COMMITTEE

Michael D. Logothetis General Chair, University of Patras

Antonakopoulos Theodoros
Denazis Spyros
Dermatas Evangelos
Fakotakis Nikos
Kotsopoulos Stavros
Koukias Michael
Koulouridis Stavros
Lymberopoulos Dimitrios
Mourjopoulos Ioannis
Moustakas Konstantinos
Peraki Vassiliki
